### SHARP chargers

- High frequency technology
- Equipped with 1 to 3 charging curves, depending on model
- High efficiency design
- Factory set or quick step-button set after installation
- Most models are available for various mains voltages
- Compatible with the GET system

\* IP54 on data plate requires fixed primary cable.

### Which SHARP charger size do you need?

Check out charger guide on our website. You will need mains voltage, battery voltage, battery capacity in Ah, type of battery, and available charging time.

### PRODUCT PRIMARY VOLTAGE VAC
